station were found in their shoes they confessed to the burglary, according to the police, and when they were brought to Gales Ferry Thursday afternoon to be presented at a justice's court before Justice of the Peace Max Boyer, they

#### HANOVER CHURCH GIFT TO

REV. AND MRS. H. D. ROLLASON The annual meeting and roil-call of the Innover Congregational church was held Wednesday evening in the Parish house delicious supper was served at 6:30 o'clock by the Ladies' Guild to ninety en and women, members and friends of

At eight o'clock the meeting was called to order and a devotional service was led by Rev. H. D. Rollason. The reports of officers of the church and societies showed that 1920 had been the most suc-cessful year financially in the history of the Hanover church. In other ways also the work has prospered. There has been a decided growth in interest in the work of the church in the world and a marked nity in working together for the home Following the reports of the officers, the report of the nominating com-

ittee was read and adopted. At this point James W. Eadle ,on benew and large fields of the South church, Middletown. As a tangible proof of the rood will of the Hanover people, Mr. Eadle then present 1 Mr. and Mrs. Rolresponse Mr. Rollason said if good will would assure his outure success in the ministry surely the good will of the Hanover congregation would be more than sufficient to make him a most successful

After the singing of a hymn, the clerk of the church. Wm. S. Lee called the coll of members beginning as is customary with James E. Vickerline. Many reonses and messages were read from those who could not attend. The meeting which marked the close of Mr. Rollason's pastorate closed with the hymn, "Blest by the tie that binds."

#### NOANK HATCHERY SUPPLIED 14,750,000 LOBSTER FRY

The blennial report of the state board of fisheries and game says that the game aws were so severe the killing of deer, a wild bear or even a hare was punalted with death, which was also the penalty for the murder of pigeons. Today the penaltum has swung too far the cher way and the necessity is felt for strict laws and rigid enforcement for the proper preservation of fish money the proper preservation of fish money there is more underweight and underweight

From the hatchery at Noauk 14,750,000 obster fry were planted in 1919, the propagation of shad is undertaken at Windsor and at Windsor Locks, the largest hatchery in the state, the prepaga-tion of front and salmon is carried on. Under the protection of a closed season. he American wood duck is increasing in state. The small deer park in tooth caries. iful white one; The ringneck pheasant s now successfully fired in large num-

### RE-ELECTION FOR OFFICERS

OF NEW LONDON NORTHERN of Dunburyff, was appointed to draw up the bill which will be introduced at the next session of the general assembly.

The viciting delegates were addressed Sunday morning by John H. Riley, local organized for the American Federation of Labor, and representative of the Central Labor Union, and by Cornelius F. McCue, vice president of the C necticut Federation of Labor.

Sunday morn the visiting delegates were good of the Stockholders and directors of the company held at the offices in the Union for 1920 is \$10,130,841 as against \$4.446,140 for 1919. The tax exemptions and properties of the Stockholders the following directors were elected: Charles H. Osgood, Norwich; Edward C. Smith, St. Albans; Gullford Smith, South Windham; Justus A. Southard, New London; Dr. Charles Osgood, New York; Valter C. Noyes, New York; Trancis H. Dewey, Worcester; Edward C. Hamming the Danbury union at a dinner which was served at a local restaurant.

The next meeting of the association

The directors elegted the following officers: President, Charles H. Osgood; vice president, Edward C. Hammond; secretary and treasurer, Justus A.

## HOLDS ANNUAL MEETING

Thursday afternoon at the Haile club rooms the Catholic Woman's club of St. Patrick's parish held its annual meeting,

charity, as in past years.

### GOVERNMENT STATISTICS SHOW

Pulmonary tuberculosis is

rest of the country. This is the outstanding feature of the report by states just made at Washing-ton by the surgeon general's office from inder the draft law.

"Connecticut," acording to the report, "is one of the smallest, and densely pop-ulated of the states. Settled originally by English agricultural stock, which had immigrated in from Massachusetts Bay. it has in the last Half century developed into a great manufacturing state and at-tracted hundreds of thousands of recent immigrants. The whole state is divided into a prevailing agricultural and sub-urban section, including Fairfield, Litch-field, Middlesex, New London and Tolnaif of the members of the congregation. | land counties, with an average population of 115 persons per square mile, while the manufacturing area, New Haven and during their five years of service here, and wished them every success in the new and large fielus of the South church. Middletown. As a tangible proof of the commoner than any other European

> moner in Connecticut than most of the eastern states, having a proportion of twenty-five per 1,000 with tuberculosis. Venereal diseases are relatively uncom non, about one-third as common as-i

"Exophthalmic golter occurs in about "Exceptifical mile gotter occurs it and its persons per 1,000 and simple gotter 3.20—Paper, The Minister as Pastor, in less than 1 per cent., so they are thus by Rev. J. E. Wagner, D.D., of Newton, ncy was found twice as commonly be more rural sections as in the more urban, but dementia precox is less com-monly found there. Defective vision was found more commonly in the manufac-turing area, and defective hearing is also more abundant there.

s'on for the January additional term of the civil superior court will be held here 50 per cent. commoner in the agricultural and suburban sections than in the manufacturing section. Hernia is great, er in the first section, and enlarged enguinal rings more fractions.

### GROTON TAX LIST GAINS

day night in his address to nearly 1,000 grangers at the open meeting which closed the second day of the 36th annual convention of the Connecticut stats grange being held in Foot Guard hall Hartford. Other speakers were Miss Florence Ward of Washington, D. C., of the state's relation service of the United States department of agriculture, and John C. Ketcham of Michigan, congressman-sleet, from the state and lecturer of the national grange.

During the course of his introduction
the governor said: "I talk to you farmers Patrick's parish held its annual meeting.

Mrs. Thomas F. Burns, the acting president, presiding.

Henoris showed the addition of new members during 1929 and a busy year in work for the parish poor. Officers were elected as follows: President, Mrs. Nelson

C. Disco; vice president, Mrs. Maurice F. Kelly; financial secretary, Mrs. M. V. Murphy; recording secretary, Mrs. James

H. Canty; chairman of executive committage of the secretary of the se We must not continue to spend in the measure of a large past income. If you let the disease of extravagance run on,

B. Meredith. A feature of the change in the re-tirement law is the provision for that retimement of teachers who become physic all disabled, the pension to be determined on the number of years of service comb pleted. The changes in the teachers' re-

irement law follow: Increase of minimum pension to \$500 for teachers retired or to be retired. Increase of maximum assessment on teacher to \$150 and of the minimum assessment to \$40 with corresponding in-crease in possible annuity.

Reduction of service in Connection re-

quired to qualify for pension to 15 years.

Provision for retirement because of physical or mental disability with pinsion based on completed years of service.

Penalty for delay in transmission of local funds by iceal officials. transmission of Provisions for detailed report by irement board.

Increases in the support of schools gran Middletown was re-elected Wednesday for and in the average attendance grant by another three years' term. the state would result in an increase of more than 1,000,000 annually; according to the proposed legislation approved. The proposal would include every town in the TO MEET IN DANIELSON state support of schools grant which goes for teachers' salaries. The present law lowing programme has been arranged for the Norwich district minis-terial association of the Methodist churches to be held in Danielson, Mon-day and Tuesday, Feb. 7 and 8: gives this grant only to towns with grant lists not more than \$2,500,600. The pro-posed law would increase the rate to the towns now gettin; this support and ty and sanitation.
would establish two new classes, to intowns now getting this support and A longer school year for evening schools. Also a bill calling for a school year of thirty-eight weeks which is explained as 2.20—Business, 2.30—Paper, The Minister as Leader of Public Worship, Hev. J. B. Aldrich.

The two new classes to be added under follows: Preaching, by Rev. R. D. Hollington, Ph. D., D.D., of Providence, 4.15—Ministers' retreat, sacrament of grant would total \$47.293.87. The average increase for each teacher in the present classification of towns would be \$56.66 and the average grant for each teacher in the present classification of towns would be \$56.66 and the average grant for each teacher in the present classification of towns would be \$56.66 and the average grant for each teacher in the towns keep school open that number of days. teacher in the two new classifications proposed would be \$116. The proposed increase in the state attendance grant from \$2 to \$4 for each punil would result in an increase of \$227,216"a year based on the estimated attendance of 200,000 during the 1919-20 school year.

#### Better School Conditions

10.30-Paper, The Minister in His Study, by Rev. R. J. Chrystie, Ph. D., of Mapleville, R. I.
